Two people prove opposites really do attract when the fiery passion they once shared is rekindled twelve years later in this digital installment of The McCord Brothers by USA TODAY bestselling author Delores Fossenhellip; Ranch hand Rico Callahan struggled to earn everything he has, but sitting proud at the top of the most successful cattle operation in Texas doesn't change that he was born unworthy of Spring Hill sweetheart Natalie London. Their elopement years ago was a mistake. Their quickie divorce was supposed to put it all in the past. Now Natalie's back in town claiming they're still marriedmdash;and everything's at stake. Natalie can't wed the perfect-on-paper man her domineering father chose for her when she's still married to her true love. And she definitely can't walk away when seeing Rico again only makes her want him more than ever. Sex for old times' sake sounds better than good, but one touch shows them what mattersmdash;and what they'll have to risk to turn a sizzling reunion into forever.
